

Weekly Report 09/08/2014 - 09/14/2014

Jing Xia*

State Key Lab of CAD&CG, Zhejiang University

1 SUMMARY

This week I focused on the topk project.

2 PROJECTS

2.1 Project 1 - TopK Pacific Vis Submission

The latest visualization redesigned the item/itemset encoding (please refer to the PPT). Itemsets comparisons will be between the current itemset and all others, not just consecutive itemsets. Items will be encoded with just one color.

For the paper part, I rewrote the abstraction and introduction sections, reorganized the visualization section and user study section.

2.2 Project 2 - Data Inspection

-

3 PAPER READING

-

4 MISCELLANEOUS

-

5 To Do List

1. Follow the TopK schedule.
